Read to Lead: a library with a community around it

A proposed community centre for Pakele (Adjumani District) and Teopok (Omoro District), Northern Uganda

NEWSLETTER · VOLUME 1 · EDITION 1 · 26 OCT 2026

WHY WE EXIST

TJF began with a lesson: how quickly a family's stability, and with it a child's schooling, can be shaken. Founder Mr Okello Carlos Torach, son of two teachers, turns that experience into organised, long-term action with communities as partners. *Where a child begins should not set the limit of what that child can become.*

THE PLAN

A community centre with a library at its heart, in each of two districts: reading and literacy for children, mentoring for young people, digital skills as resources allow, and learning for adults. We aim to serve about 1,000 children and adults across the two centres, roughly 500 at each. The sites were chosen because of land availability, real need and local interest.

WHERE WE ARE, PLAINLY

Vision	Policies & plan	Land acquired	Registration	Consultation	Building	Funding
Done	Done	Done	Final stages	Not yet	Not yet	Not yet

Land has been acquired in both locations. Nothing has been built, approvals and designs are still to come, and no funding has been committed. Online donations are not active. Funding will be sought only when our legal, governance and financial systems are ready. **Next milestone:** community consultation, in local languages, once registration is complete.

HOW YOU CAN HELP

Funders

Talk to us now about what you would need to see, so we are ready when we open to funding.

Volunteers and experts

Librarians, teachers, mentors, literacy and digital-skills trainers. Safeguarding first.

Partners and in-kind

Books, equipment, expertise and partnerships, agreed in writing. Contact us before sending anything.
