THE JOPETNAH FOUNDATION

Environmental Sustainability Policy

Building Whole Communities, One Life at a Time.

Document number	TJF-PROG-010
Version	1.0
Status	Approved
Document owner	Programmes Department / Operations Department
Approved by	Executive Director
Effective date	TBD
Review cycle	Every Three Years

Executive Summary

The Jopetnah Foundation (TJF) recognizes that environmental sustainability is essential to achieving long-term social and economic development.

Climate change, environmental degradation and unsustainable resource use disproportionately affect vulnerable communities and threaten sustainable progress.

This Environmental Sustainability Policy establishes TJF's commitment to protecting the environment, promoting climate resilience and integrating sustainable practices across programmes, operations and partnerships.

1. Purpose

This Policy aims to:

- Promote environmental responsibility.
- Reduce negative environmental impacts.
- Support climate-resilient communities.
- Encourage sustainable programme design.
- Improve responsible resource management.
- Promote environmental awareness.

2. Scope

This Policy applies to:

- All TJF programmes.
- Field operations.
- Offices and facilities.
- Procurement activities.
- Partnerships.
- Events and campaigns.
- Infrastructure projects.

It applies to:

- Board members.
- Employees.
- Volunteers.
- Consultants.
- Contractors.
- Partners.

---

3. Environmental Commitment

TJF commits to:

- Protecting natural resources.
- Reducing environmental harm.
- Supporting sustainable communities.
- Promoting responsible consumption.
- Encouraging climate action.
- Integrating environmental considerations into decision-making.

---

4. Environmental Sustainability Principles

Prevention

TJF will seek to prevent environmental damage before it occurs.

Resource Efficiency

TJF promotes responsible use of:

- Energy.
- Water.
- Materials.
- Financial resources.

Climate Responsibility

TJF recognizes the need to address:

- Climate risks.
- Environmental vulnerability.
- Community resilience.

Sustainability Integration

Environmental considerations should be included in programme planning and implementation.

Partnership Approach

TJF will collaborate with stakeholders to promote environmental solutions.

---

5. Environmental Risk Assessment

Major programmes should consider:

- Environmental impacts.
- Climate risks.
- Resource requirements.
- Mitigation measures.

Risk assessments may address:

- Pollution.
- Waste generation.
- Resource consumption.
- Biodiversity impacts.
- Community environmental risks.

---

6. Sustainable Programme Design

TJF programmes should consider:

Climate Resilience

Supporting communities to adapt to:

- Climate change impacts.
- Natural disasters.
- Environmental challenges.

Sustainable Livelihoods

Promoting approaches that:

- Protect ecosystems.
- Improve economic opportunities.
- Strengthen resilience.

Natural Resource Protection

Supporting:

- Conservation.
- Sustainable agriculture.
- Responsible land use.

---

7. Environmental Management in Operations

TJF offices and facilities should promote:

Energy Efficiency

Through:

- Efficient equipment.
- Responsible energy use.
- Renewable energy opportunities.

Waste Management

Through:

- Waste reduction.
- Recycling.
- Responsible disposal.

Sustainable Procurement

Considering:

- Environmental impact.
- Supplier practices.
- Product sustainability.

Water Conservation

Promoting:

- Efficient water use.
- Responsible consumption.
- Protection of water resources.

---

8. Green Programme Approaches

TJF may support:

- Tree planting initiatives.
- Environmental education.
- Renewable energy solutions.
- Sustainable agriculture.
- Conservation projects.
- Climate awareness campaigns.

---

9. Environmental Protection in Field Activities

Field teams should:

- Minimize environmental disruption.
- Respect local ecosystems.
- Follow environmental regulations.
- Promote community awareness.

---

10. Sustainable Events and Activities

TJF events should consider:

- Reduced waste.
- Digital communication.
- Responsible materials.
- Sustainable transportation.
- Environmental awareness.

---

11. Partnerships and Environmental Responsibility

Partners should:

- Follow environmental standards.
- Avoid harmful practices.
- Support sustainable approaches.
- Report significant environmental risks.

---

12. Staff Responsibilities

All TJF representatives should:

- Use resources responsibly.
- Reduce unnecessary waste.
- Follow environmental procedures.
- Promote sustainability awareness.

---

13. Monitoring Environmental Performance

Indicators may include:

Indicator	Measurement
Programmes with environmental assessments	Percentage
Waste reduction initiatives	Number
Environmental awareness activities	Number
Sustainable practices adopted	Percentage
Energy/resource efficiency improvements	Assessment

---

14. Environmental Training and Awareness

TJF shall promote awareness on:

- Climate change.
- Environmental protection.
- Sustainable practices.
- Responsible resource use.

---

15. Compliance

Failure to comply with environmental requirements may result in:

- Corrective actions.
- Operational reviews.

- Contractual measures.
- Partnership reassessment.

---

16. Review

This Policy shall be reviewed:

- Every three years.
- Following environmental assessments.
- Following major programme changes.

Conclusion

Environmental sustainability is essential to protecting communities, preserving natural resources and creating a better future.

Through responsible programmes, sustainable operations and environmental leadership, The Jopetnah Foundation contributes to a healthier and more resilient world.

> **Protecting the environment today creates opportunities for generations tomorrow.**
